SUBJECT No. 528.

Funds for marahmat works.

Mr. H. Krishna Sastri, Sri Yadugiri Sadananda Vardhini Sabha, Melkote.

Summary of Representation.—The allotment for public works is not properly apportioned. One-half of it may be allotted to special works and the other half proportionately to all the taluks.

The irrigation cess of a particular locality should be appropriated for the benefit of that locality only.

SUBJECT No. 529.

Council decisions.

Mr. H. Narasinga Rao, Bar Association, Mysore.

Summary of Representation.—The decisions of the Council in revenue appeals involving points of law or procedure, used to be published in the *Mysore Gazette*. This has of late been discontinued. The old system may be revived.

SUBJECT No. 530.

Demarcation of a survey number.

Mr. Ajjaiya, Challakere taluk.

Summary of Representation.—During the Survey Settlement, a survey number made up of dry, wet and garden lands is measured separately for purposes of fixing the assessment on each portion. But no permanent boundary marks are fixed. By this arrangement the raiyats are put to unnecessary trouble and expense if there be any alteration in the area of any portion as settled by the Survey department. It is therefore prayed that arrangements may be made to fix permanent marks to define each portion of a survey number.

SUBJECT No. 531.

Boundary marks.

Mr. Chikveerappa, Chitaldrug taluk.

Summary of Representation.—In black cotton soils, the survey *bandhs* are washed away during the monsoon every year, and the ryots are put to the necessity of getting them repaired year after year. It is therefore prayed that shaped stones of one yard in length may be fixed in lieu of earthen mounds.

SUBJECT No. 532.

Survey accounts.

Mr. Surasastri, Chikballapur taluk.

Summary of Representation.—Since copies of survey accounts are not maintained in the district and taluk offices, it takes a long time to get them from the Survey department whenever they are required. It is prayed that copies may be kept in the district and taluk offices.

SUBJECT No. 533.

Wet, dry and garden lands to be marked on survey maps.

Messrs. Sura Sastri, Chikballapur taluk, and Chennappa, Goribidnur taluk.

Summary of Representation.—In certain survey numbers there will be dry, wet and garden portions, particulars regarding which cannot be found out by a reference to the survey maps. This defect may kindly be remedied.

SUBJECT No. 534.

Devadaya and personal inams.

Messrs. B. Venkatasubbannachar, Thammaiya Bhatta, Agumbe Rama Rao and Devangi Ramanna Gowda, Tirthahalli taluk.

Summary of Representation.—Mixed inams of *devadaya* and personal tenure may be abolished, and the inams resumed to Government, the inamdars being granted a cash inam equal to the *jari* amount after a determination of their individual rights.
